

# DBK KOREA

A truly global homeware company that meets the needs of the customer

DBK Korea Factory

## About DBK KOREA CO., LTD.

DBK KOREA CO.,LTD was established in 1994 under the belief that quality products are the most important factor on customer satisfaction. Our company's principle are : 1) Value creation for our customer's comfortable life; 2) A company management style that reflects human values. Through technical cooperation with DBK Germany, we have grown to become the No. 1 OEM /ODM manufacturer of insecticides in the Korean market. We also specialize in homeware and we are effectively pioneering the market through exports and the creation of various products through extensive R&D activities. We are striving to become a truly global homeware company that satisfies the needs of our customers.
